

ADARSH SHEKHAR SINGH

Full Stack Developer | AWS Certified (3×) | 500+ DSA Problems Solved
adarshsingh097singh@gmail.com | +91-9336019980 | Ghaziabad, UP | [LinkedIn](#) | [GitHub](#) | [LeetCode](#) | [GFG](#)

PROFESSIONAL SUMMARY

Motivated Full Stack Developer with hands-on internship experience in designing and developing scalable web applications using React.js, Node.js, Express.js, MongoDB, and SQL. Strong understanding of REST APIs, JWT Authentication, Responsive Web Design, CRUD Operations, API Integration, Git/GitHub, and Agile development practices. AWS Certified (3×) with experience building AI-powered applications and solving 500+ Data Structures & Algorithms problems on LeetCode and GeeksforGeeks. Passionate about writing clean, maintainable code and eager to contribute to high-impact software engineering teams as a Full Stack Developer or Software Development Engineer.

TECHNICAL SKILLS

Languages: Python, C++, C, JavaScript (ES6+), SQL,

Frontend: React.js, HTML5, CSS, Tailwind CSS, Material-UI, Recharts, Responsive Design

Backend: Node.js, Express.js, REST APIs, WebRTC

Databases: MongoDB, PostgreSQL, MySQL, DynamoDB, Firebase

Tools: Git, GitHub, Postman, WebRTC, AI Tool.

Relevant Coursework: Data Structures & Algorithms, Operating Systems, DBMS, Computer Networks, OOPs, Software Engineering

EXPERIENCE

Frontend Intern | Know Your College | Remote

Dec 2024 – Mar 2025

- Designed and developed key UI pages for the Know Your College ed-tech platform using React.js, building responsive college listing and discovery interfaces for students.
- Collaborated with the founding team to iterate on UI designs, ensuring consistent visual language and smooth UX across all pages.
- Maintained structured Git commit history and practiced feature branching throughout the internship lifecycle.

PROJECTS

WorkLife Plus – Productivity Management Web App | React.js, Node.js, Express.js, MongoDB

[GitHub](#) | [Live](#)

Demo

- Built full-stack task management platform with JWT authentication, role-based access control, and real-time activity tracking for multiple concurrent users.
- Architected 15+ RESTful API endpoints with MongoDB aggregation pipelines; optimized backend query performance by 40% through indexing and schema restructuring.
- Developed interactive analytics dashboard with Recharts visualizing productivity trends, task completion rates, and deadline adherence.

IPO Insight – IPO Analysis Web Application | React.js, Node.js, MongoDB, REST APIs

[GitHub](#) | [Link](#)

- Built dynamic IPO data platform covering price band, GMP, subscription status, allotment details, and listing performance to support investment decisions.
- Integrated real-time third-party financial APIs with server-side caching, reducing average API response time by 35% and improving reliability.
- Engineered advanced search, sort, and multi-parameter filtering for efficient IPO comparison with a clean, structured UI.

CompressIt – Enterprise-Grade File Optimization Platform | React.js, Node.js, Express.js, WASM.

[GitHub](#) | [Live](#)

- Developed a SaaS-based file optimization platform using Web Assembly (WASM) to compress PDFs and images by up to **90%** while preserving quality.
- Implemented local-first browser processing, Web Workers for concurrent bulk file optimization, and automatic format conversion (WebP, JPG, PNG) to ensure privacy and high performance.
- Integrated Supabase Authentication and Cloud Storage for secure user login, file management, and responsive UI using Tailwind CSS.

CERTIFICATIONS & ACHIEVEMENTS

- AWS Certified Cloud Practitioner – Amazon Web Services
- AWS Certified Solutions Architect – Associate – Amazon Web Services
- AWS Cloud Generative AI Certification – Amazon Web Services
- Cisco Python Essentials (Basic & Advanced) – Cisco Networking Academy
- 500+ DSA problems solved on LeetCode, GeeksforGeeks, and CodeChef with consistent focus on algorithm optimization.
- Active GitHub contributor with full commit history maintained across all projects using structured version control practices.

EDUCATION

B.Tech – Computer Science & Engineering

Expected: July 2027

ABES Engineering College, Ghaziabad, Uttar Pradesh
